Membership

What if I'm already a National member and would like to add a Greater Philadelphia Chapter membership to become a POWER Member?

If you're already a National member, ATD National can add on a PHL chapter membership for you. If you're interested in this option, please visit www.td.org/store. They will then add on a PHL chapter membership for you by signing you up as a New POWER Member. This will renew your National membership and synch your chapter and national membership expiration dates. Please note that you will not lose any time or money with your National membership. ATD National will simply tack on another year to your current membership. For example, if your National membership is due to expire in a certain month and you opt in to a POWER membership with ATD PHL, your National membership will tack on a year so that your next renewal won't be until the

exact same month of the following year.
